## Picture Story

Look at the pictures and tell a story about The Talkative Tortoise.

*A tale from the panchtantra*

### Answer:

Once upon a time, there were two birds and a tortoise. The three of them were very good friends. The tortoise loved to talk a lot. One day they decided to go to a new place across the river. But since the tortoise walks very slowly, the birds decided to carry him across the river with a wooden stick. The birds told the tortoise to catch the stick with his mouth, and they would carry him by holding the stick. Thus, the birds began to fly up in the sky by holding each end of the stick. Suddenly, the tortoise opened his mouth to talk about something, but he fell into the river. The birds couldn't help the tortoise. The talkative tortoise
